ED 080 385 SE 016 771

TITLE	Licensed Optometrists in South Carolina 1972.
INSTITUTION	Health Resources Administration (DHEW/PHS), Washington, D.C. Div. of Manpower Intelligence.
PUB DATE	Jul 73
NOTE	21p.
EDRS PRICE	MF-$0.65 HC-$3.29
DESCRIPTORS	*Health Personnel; Manpower Needs; *Occupational Surveys; *Optometrists; Questionnaires; *State Surveys; Surveys
IDENTIFIERS	*South Carolina

ABSTRACT

This report presents preliminary findings from a mail survey of all optometrists licensed to practice in the State of South Carolina. The surveys was conducted in 1972 by the International Association of Boards of Examiners in Optometry as part of a national endeavor to collect data on all optometrists in the United States. Approximately 96 percent of the 174 optometrists in South Carolina who were sent questionnaires responded. Thus the professional characteristics of an overwhelming majority of optometrists in South Carolina are described in the report. Tabulated data show the number of: (1) optometrists by county of primary practice; (2) active optometrists by age and sex; (3) active optometrists by school and year of graduation; (4) optometrists by activity status and by age; (5) active optometrists by principal form of employment and age; (6) practicing optometrists by years of practice and use of supplementary personnel; (7) practicing optometrists by primary specialty and age; and (8) active optometrists by type of activity and age. A sample questionnaire is included in the report. (JR)

DISCRIMINATION PROHIBITED

Title VI of the Civil Rights Act of 1964 states: "No person in the United States shall, on the ground of race, color, or national origin, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any program or activity receiving Federal financial assistance." Therefore, health manpower data collection, like every program or activity receiving financial assistance from the Department of Health, Education, and Welfare, must be operated in compliance with this law.

DISCRIMINATION ON BASIS OF SEX PROHIBITED

Section 799A of the PHS Act, as amended by the Comprehensive Health Manpower Training Act of 1971 (P.L. 92-157), prohibits the Secretary, DHEW, from making a contract, grant, loan guarantee, or interest subsidy payment under Title VII of the PHS Act to or for the benefit of any school of medicine, osteopathy, dentistry, veterinary medicine, optometry, pharmacy, podiatry, or public health or any training center for allied health personnel unless the application for such support contains assurances satisfactory to the Secretary that the school or training center will not discriminate on the basis of sex in the admission of individuals to its training programs.

INTRODUCTION

The International Association of Boards of Examiners in Optometry in 1972, conducted a mail survey of all optometrists licensed to practice in the State of South Carolina. The survey was conducted concurrently with the optometrists' reregistration with the State Licensing Board.

This report presents preliminary findings from the survey, as furnished by optometrists in the State who completed and returned questionnaires. Approximately 96 percent of the 174 optometrists in the State who were sent questionnaires responded. Thus the professional characteristics of an overwhelming majority of optometrists in the State are described here.

The survey of optometrists in South Carolina is part of a national endeavor to collect data on all optometrists in the United States. Optometric licensing boards in all States are utilizing the same questionnaire to survey optometrists licensed in their respective States. As data collection is completed for each State, similar individual State reports will be issued. A more comprehensive national report will be published after data collection is completed for all States. The Division of Manpower Intelligence, Bureau of Health Resources Development, Health Resources Administration, is coordinating this national survey program done under contract, to assist the profession in developing a data base for optometric manpower. The goal is to make basic data on health manpower available, at the earliest date possible, to States, counties, planning agencies, and other interested parties.

For purposes of this survey, active optometrists are defined as those currently in patient care (optometric practice), teaching, research, and administration. Those categorized as full-time are in practice 30 or more hours per week. Practicing optometrists include only those optometrists engaged in patient care. The questionnaire used in this survey is included as an appendix to this report. It should be noted that all items in the tables that follow are comparable to those found on the questionnaire, from a definitional standpoint. In some tables, asterisks may be used to denote data omitted to preserve confidentiality of individuals.

The preparation of this report has been made possible through the cooperation of the entire profession of optometry, the State Licensing Board, the Manpower Resources and Requirements Branch of the Division of Manpower Intelligence, and the Optometric Manpower Resources Project, Suite 206, 1730 M Street, N.W., Washington, D.C. 20036.

HIGHLIGHTS

* In the State of South Carolina, 95 percent of the optometrists were reported as being active, i.e., engaged in patient care, teaching, research, and administration. Of the total number of optometrists in the State, 90 percent were in patient care.

* The largest number of active optometrists in a single county in South Carolina were reported in Richland County: 17 optometrists, or 11 percent of all those in the State.

* Twenty-five percent of the active optometrists were under 40 years of age; 68 percent were between 40 and 59 years; and 6 percent were 60 years or older. Of the respondents, 2 percent were female.

* The school graduating the largest number of active optometrists in the State -- 91 or 58 percent -- was Southern College of Optometry.

* Of the active optometrists, 85 percent were working 30 or more hours a week.

* In the State of South Carolina, 85 percent of the active optometrists were self-employed, with 69 percent in solo practice. Of all employed optometrists, the greatest number were employed by Professional Corporations.

* Ninety-three percent of the practicing optometrists, i.e. those engaged in patient care, reported that they employed supplementary personnel to assist them.

* Of the practicing optometrists reporting a specialty, the greatest number reported Contact Lenses.

* While the vast majority, 148 or 94 percent, of the active optometrists in the State were in optometric practice, 2 optometrists were reported in teaching, 5 in research, 1 in administration, and 2 in the other optometric activities.

3 ___ No, retired.

4 ___ No, unemployed (recent graduate of optometry school)

5 ___ No, unemployed (not recent graduate of optometry school)

6 ___ No, not active in optometry.

In what field are you active? _____

STOP! Remainder of questionnaire does not apply. Please return questionnaire.

8. PRINCIPAL Form of employment:

(111-112) 01 ____ Self-employed - Solo practice

02 ____ Self-employed - Partnership practice

03 ____ Self-employed - Group practice

04 ____ Employed by professional corporation established after 1969

If in a partnership, group practice, or corporation, how many OPTOMETRISTS are there in the partnership COUNTING YOURSELF? ____

(113-114)

05 ____ Employed by - Federal government _____ (Specify)
(Military, Public Health Service Commissioned Corps, etc.)

06 ____ Employed by - Federal Government (non-military) _____ (Specify)

07 ____ Employed by - State or local government _____ (Specify)

08 ____ Employed by - Optometrist(s)

09 ____ Employed by - Ophthalmologist(s)

10 ____ Employed by - Physician(s) other than ophthalmologist(s)

11 ____ Employed by - Firm or manufacturer (profit making) _____ (Specify)

12 ____ Employed by - Non-profit organization or institution _____ (Specify)

13 ____ Employed in Multidisciplinary Group Practice _____ (Specify)

14 ____ OTHER (Specify) _____

9. Approximately what PERCENT of your time do you usually spend in each of the following activities?

(115-117) 1 _____ % Optometric practice

(118-120) 2 _____ % Teaching (as related to optometry)

(121-123) (124) 3 _____ % Optometric research: ☐ Clinical, ☐ Basic science, ☐ Other

(125-127) 4 _____ % Administration (in schools or colleges, associations, etc.)

(128-130) 5 _____ % OTHER (Specify) _____

100%

If ZERO % of your time is spent in OPTOMETRIC PRACTICE, STOP! and return questionnaire. Otherwise, continue.

(131-132) 10. Practice Optometry: _____ Weeks per year (excluding vacations)

(133-134) _____ Hours per week (available for patient care)

(135-136) 11. Years in practice: _____

(137-138) 12. In what YEAR do you intend to retire? _____

13. How many CLOCK hours of personal attendance did you devote to continuing education during the past 12 months?

(139-140) In courses sponsored by Schools or Colleges? _____ Hours

(141-142) In other sponsored educational meetings? _____ Hours

14. PRIMARY Specialty: (check only one and indicate % of time spent in that Specialty)

(143)
1____ Contact Lenses ____ %
2____ Visual Training/Orthoptics ____ %
(144-146) 3____ Subnormal Vision/Low Vision ____ %
4____ Developmental Vision ____ %
5____ Occupational Vision ____ %
6____ Aniseikonic Therapy ____ %
7____ OTHER _____ (Specify) , ____ %

(147-150) 15. Number of VISION ANALYSES performed by YOU in the last 12 months: _____

(151-155) 16. How many individuals do you estimate are under your care? _____

(156) 17. In your optometric practice, do you EMPLOY supplementary personnel to assist you?

1____ YES 2____ NO

Please indicate below, the NUMBER of personnel in each category that MOST CLOSELY describes their duties. (Indicate only one category for each individual)

	FOR YOU ALONE		FOR YOU & ASSOCIATES	
	Full-Time	Part-Time	Full-Time	Part-Time
Secretary, Receptionist	____ (157)	____ (166)	____ (175-176)	____ (193-194)
*** Paraoptometric Personnel				
Grad. 1 yr Paraopt. program	____ (158)	____ (167)	____ (177-178)	____ (195-196)
Grad. 2 yr Paraopt. program	____ (159)	____ (168)	____ (179-180)	____ (197-198)
Received formal training but did not complete program	____ (160)	____ (169)	____ (181-182)	____ (199-200)
Office trained only	____ (161)	____ (170)	____ (183-184)	____ (201-202)
Dispensing Optician	____ (162)	____ (171)	____ (185-186)	____ (203-204)
Optical Technician (shopman)	____ (163)	____ (172)	____ (187-188)	____ (205-206)
Contact Lens Technician	____ (164)	____ (173)	____ (189-190)	____ (207-208)
Other _____ (Specify)	____ (165)	____ (174)	____ (191-192)	____ (209-210)

***Anyone who performs technical duties beyond those performed by a secretary and/or receptionist, and excluding Dispensing Optician, Optical Technician, Contact Lens Technician

In your optometric practice, do you utilize the OUTSIDE services of:

(211) Dispensing Optician(s)? 1____ YES 2____ NO
(212) Optical Laboratory(s)? 1____ YES 2____ NO
(213) Contact Lens Lab(s)/Technician(s)? 1____ YES 2____ NO

18. If you have made entries under FOR YOU & ASSOCIATES in the full-time or part-time columns in Item 17 above,
(214-215) how many associates, COUNTING YOURSELF, share these personnel? _____

(216-217) Of these associates, how many are OPTOMETRISTS, COUNTING YOURSELF? _____

COMMENTS:
